» All about your flow™

We began our journey in 1980 in Kungälv, a small town on the Swedish west coast, as a family company with an ambition to one day become a global player in the pump market.

Since inception, we have taken pride in delivering a wealth of knowledge and passion for pumps to the industry, whilst supplying a wide range of premium products for various industrial applications.

Over the years, the company has developed into a global Tapflo Group with branches and distributors present in nearly every region of the world.

One thing has not changed - we are still a family company.

Our solutions are designed and manufactured in Europe and distributed globally to offer the best service and flow solutions to our customers for a variety of applications.

Our Values, Commitment, Quality and Simplicity are reflected both in our product and business approach.

For fast and flexible service and high-quality products readily available worldwide, choose Tapflo.

Quality commitment

At Tapflo we are simply committed to quality. As a result, our production standards, as well as products quality, comply with various globally recognised certification and quality control standards. The Tapflo manufacturing process is certified according to ISO 9001:2015, confirming that our processes are appropriate, effective, customer-focused and continuously improved.

Tapflo values

Our culture is incorporated into Our values

Commitment

We are different from our competitors because of our willingness to exceed the customers' expectations, move fast and be flexible. Our culture is based on the spirit of togetherness, enthusiasm and integrity. We come from all over the world but we share the same values and we respect each other. We are committed.

Quality

We understand that the quality in our work is never better than the weakest link, that's why we focus on every small detail. We share a common passion for continuously finding more efficient and effective ways to provide value to our customers. As a manufacturer we have control of the complete process both in terms of our products and the way we operate internally. That is why we manufacture the highest quality pumps in our segment.

Simplicity

We have a saying, "Simple is art" which means we try to find smooth and uncomplicated solutions in everything. By keeping it simple we can focus on the essential, like designing uncomplicated pumps with few components. For us it is a key to success; strive to simplify what is complex.

South Africa

As a part of the Tapflo Group, Tapflo (PTY) LTD has been present in South Africa and in the local market since 1997, We have our head office based in Pinetown, KZN, and independent sales offices nationally, servicing the end-user.

We have a total of 11 staff, with extensive stock and a service department at Head office and critical stock & spares at our sales offices in Cape Town, Johannesburg & Pretoria.

With our personal service and more than a 25 years experience in liquid handling, we can offer you accurate pump selections & pumping solutions based on most industrial pump applications.

Vision

To become the market leader for supplying industrial and sanitary process pumps in South Africa and to offer experienced and efficient service & maintenance for these pumps, within the next 5 years.

To expand the South African operation to offer the same products and services to other countries in Sub-Saharan Africa and in so doing creating an independent "African Hub" for Tapflo, within the next 10 years.

Mission

Tapflo will strive at all times to educate, advise and support their client in making the best possible pump selection according to their needs and requirements.

The product

Tapflo is proud to present a comprehensive range of high quality liquid transfer solutions for all types of industries in South Africa.

The pump solutions are suitable for most modern industrial applications. All pumps are manufactured according to ISO9001 and meet international standards. Many of our pumps also have options with hygienic/sanitary design. Most pumps can also be supplied with explosion proof certification.

The manufacture

Tapflo is a Swedish manufacturer of air operated diaphragm pumps as well as centrifugal pumps and other industrial process equipment.
